

# ASVAB

## CAREER EXPLORATION PROGRAM

Offered at no cost as a service to our communities

## ENCOURAGE STUDENTS TO EXPLORE A VARIETY OF CAREERS

and provide high-quality, career exploration and planning materials at NO COST to you. "ASVAB" stands for Armed Services Vocational Aptitude Battery which is a test given to determine what strengths the applicant has that would best fit with a military career. Through this career exploration program, students explore occupations in line with their interests and skills, and also develop effective strategies to realize their career goals. Counselors receive a comprehensive program based on current career development theory and practice. They can make use of ready-to-use activities that align high school courses with career planning. Schools gain a career development program that meets the needs of today's students, whether they plan to enter the workforce right away or pursue further education. The Program presents a full-spectrum of career opportunities to students, regardless of their gender, ethnicity, or ability level.

## MAIN COMPONENTS:

### CAREER EXPLORATION TOOL

The OCCU-Find contains 400+ occupations sorted by interest codes so students can identify the occupations that match their own interests. The online version links directly to O\*NET and OOH job descriptions.

### THE PROGRAM AND THE MILITARY

- Schools determine whether or not student information is released to the military
- The Program is administered by civilian Education Services Specialists who have no recruiting function.

### MULTIPLE-APTITUDE TEST

The ASVAB test covers eight areas including science, word knowledge, mathematics, and mechanical comprehension. It assesses a student's ability to learn new skills and is a predictor of success in training and education programs.

### INTEREST INVENTORY

The FYI is a 90-item interest inventory based on John Holland's widely accepted theory of career choice. When students complete the FYI, they have three interest codes to use with the OCCU-Find for career exploration.
